Chapter 02 in Malon's Promise

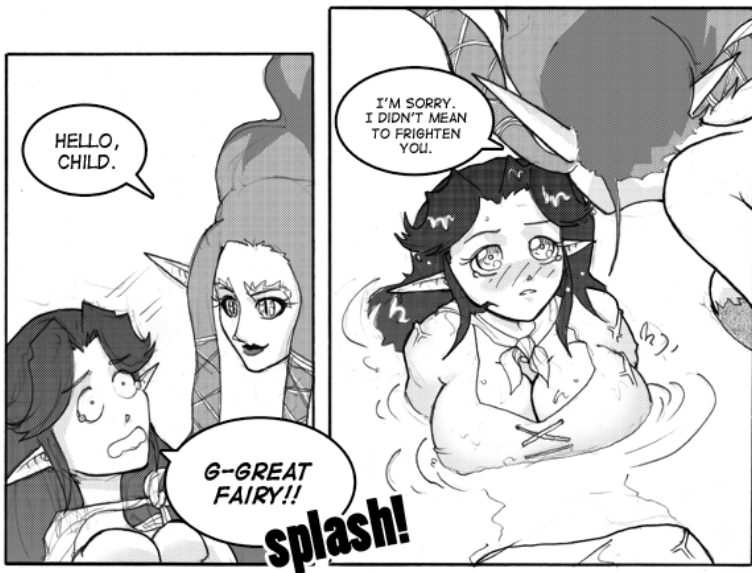

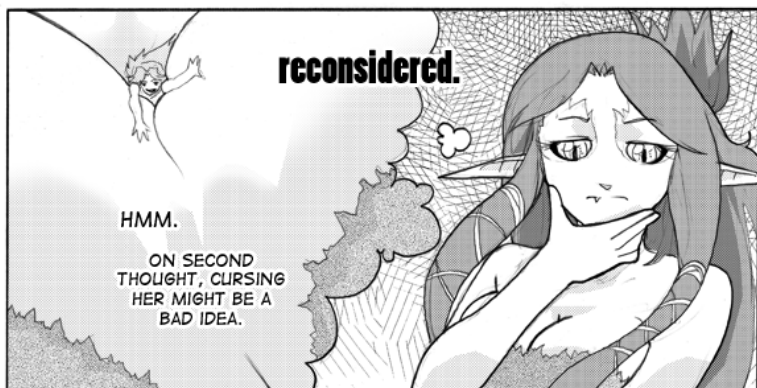

by Zelda308

After I finished the “Decadence” comic, I received a lot of interest in follow-on comics. One fan in particular was really committed to seeing more of my version of the character of Malon.

I've always thought that people who donate to a project earn a special right to see more and know more about the story, so I decided to tie the “secret ending” of Decadence into a preview for the next comic to come.

Thank you again, so very much for your support as I try to become a better artist! Please enjoy the “secret ending” to the first chapter of Malon's adventures!
